Born Innovations

Inspirations for the Modern Magician

When not on the stage, John Born continues to develop Born Innovations, a company focused on contributing to the innovation side of psychology and sleight-of-hand through speaking engagements, books, DVDs, and assorted products for mentalists and magicians.

In 2012 John released "Cheating at Texas Hold'em" a 560 page book for the public that analyzes how cheating works and how to detect it in the private game, casino play, and the online environment.

His lecture "Principles and Approach to Sleight-of-Hand Artistry" has been featured on multiple international speaking tours for conventions and organizations for professional performers in countries such as Japan, Hong Kong, France, Italy, Spain, Belgium, Netherlands, Philippines, Wales, Denmark, Mexico, England, and Ireland. His talks have also been featured all over the United States, including notable venues such as the Magic Castle in Hollywood, Magifest, T.A.O.M., and the Las Vegas Magic Invitational.
